

REQUEST FOR AEGROTAT STANDING

Aegrotat (AEG) allows a student credit for a course even though the course requirements have not been completed due to medical, emotional or other difficulties. This standing is awarded only if Deferred Standing is not an option for the student, and if the course instructor and the dean agree that the student has demonstrated outstanding capacity to deal with the course material. When AEG standing is awarded, a letter grade is assigned. This will be converted to the minimum percentage for that category for the calculation of averages.

In the Faculty of Science, aegrotat standing is only considered if the student has completed all assignments and exams with first-class grades (A+), only the final exam remains to be completed, and the instructor is confident that the student will achieve a first-class grade on the final exam. The decision to approve or deny the request is made by the dean.
